**THE REAL QUESTION.**

The real question of disease is "Can I be cured?" If you are anyone desiring to be healthy, strong, and energetic, you will not spend time trying to figure out just what is the matter with you. It is almost impossible to draw the line where debility and weakness merge into consumption to-day, but you don't know where the line is. Hundreds of people have been restored to robust health by Dr. Pierce's "Golden Medical Discovery" after reputably physical ailments had pronounced them consumptive beyond hope.

Were they in consumption? No body can ever know.

The important point is that they were hopelessly ill but this matchless "Discovery" restored and saved them.

"I was not able to do hardly any work at all," says Mrs. Jennie Dinsman, of Vanburen, Illinois, Co. Mich. In a most interesting letter to Dr. Pierce, she writes: "I had pain in my left side and back, and had headache all the time. I tried your medicine and it helped me. Last spring I had a bad cough. I got so bad I had to be in bed all the time. My husband thought I had consumption. He wanted me to get a doctor, but I told him if it was consumption they could not help me. We thought we would try Dr. Pierce's Golden Medical Discovery and before I had taken one bottle the cough was stopped, and I have had no more of it returning. Your medicine is the best I have taken."

Write to Dr. R. V. Pierce. He will send you good, fatherly, professional advice, in a plain sealed envelope, absolutely free. His nearly 40 years experience as chief consulting physician of the "Invalids' Hotel," at Buffalo, N. Y., has made him an expert in chronic diseases.

Constitutional causes and aggravates many serious diseases. It is thoroughly cured by Dr. Pierce's Pleasant Pellets.

**MEN ARE POWERLESS**

To Fight Against Disease Unless They Strike at the Underlying Cause.

To treat Dandruff, and Falling Hair, with irritants or oils on which a parasitic germ will prosper, is like scooping water from the ocean to prevent the tide from rising.

You cannot accomplish a satisfactory cure without having a right understanding of the fundamental causes of the trouble.

You must kill the Dandruff Germ. Newbro's Herpicide does this because it is specially made to do that very thing.

When the germ is removed, the hair has no choice but to resume healthy growth and beauty.

"Destroy the cause, you remove the effect."

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

### Body of Murderer Found.

The body of Charles Herzog, who left a written confession that he was guilty of a murder committed near Youngstown, Ohio, over 30 years ago, has been found by searchers. It was hanging to a tree in a secluded ravine in Wallace county, N. D.

Pinned to Herzog's breast was a piece of wrapping paper, on which was written the following:

"My name is Charles Herzog. Over 30 years ago I murdered a young girl named Lizzie E. Grombacher, near Youngstown, Ohio. Charles Sterling, an innocent man, was tried, convicted and hanged for the murder of the girl. If my body is ever found, notify my mother, Catherine Herzog, at Girard, Ohio."

Around Herzog's neck was a shred of thin green stuff such as women use for face veils. It is recalled by a former Youngstown man that Lizzie Grombacher wore such a veil when murdered and that part of it was used to strangle her.

The place found about Herzog's neck is supposed to be the remainder of the veil, as he showed such a piece to a fellow ranchman, to whom he told the story of his crime, declaring that he had kept it all these years to use in ending his own life some day. Herzog said in his confession to the rancher that after committing the murder and exchanging shirts with Sterling, he went to Warren, Ohio, where he was employed as a gardener by a lawyer named Ratliff. After Sterling's arrest and trial Herzog fled to Mesopotamia, Ohio, where he remained in hiding until the eve of Sterling's execution, when he stole a horse and went west. He settled in Telluride, Col., where he married. Ohio people commenced to move in, and becoming frightened, he deserted his wife and child and went to Death Valley, in California. Since then he had been a wanderer.

### Farmers' National Congress.

The Farmers' National Congress, at its second day's session in Richmond, yesterday, heard the question of tariff discussed at some length by Congressman L. F. Livingston, of Georgia, whose subject was "The Tariff As It Affects Agriculture." Colonel Livingston contended that a high protective tariff is most injurious to the farmer. Where the manufacturer, he claimed, received \$4.50, the agriculturist got only \$1, and it is not right under such conditions to burden the farmer with an extraordinary tax. "Under free trade," he said, "rural wealth doubled in 10 years; it did not quite double in 30 years under high tariff. In 1850 farmers owned more than half the land here; in 1900 they owned one-fifth. If that ratio goes on, what will we own 50 years hence?" Mr. Livingston urged the farmers to have their representatives working in Congress for them. He said every other interest had paid attorneys lobbying at the national capital. The subject was discussed along the same lines by A. L. Martin, of Pennsylvania; W. F. Brown, of West Virginia; T. N. Black, of Illinois; and H. P. Sherman, of Indiana.

Congressman H. C. Adams, of Wisconsin, delivered an interesting address on "The Federal Government and the Farmer." There were addresses on "The Agricultural Resources of the South," by J. Bryan Grimes, of North Carolina; on "Government Expenditure in Relation to Agricultural Interests," by Charles A. Carlisle, of Indiana; and on "Climate, Soil and Development," by Will B. Powell, of Pennsylvania.

Among the resolutions offered yesterday was one recommending the legislators of the various States and Territories make appropriations for the holding of county farmers' institutes as the only means of reaching the mass of the farmers.

### Three Engineers Killed.

Three young civil engineers in the employ of the Delaware, Lackawanna and Western Railroad were killed by a work train last night while returning to Cortland, N. Y., on a hand car. They were J. M. Rowe, of Binghamton, N. Y.; H. O. Biesecker, of Lestershire, N. Y.; and J. R. Funk, of Binghamton, N. Y. The three engineers arrived at Cortland yesterday morning and had spent the day at work on the Cincinnati division of the Lakawanna Railroad. Completing their labors for the day, they boarded a hand car and began the journey to Cortland. When three miles from Cortland they were overtaken by a work train, also bound for Cortland. The engineer of the work train was in the rear and a watchman was stationed on the forward car to keep a sharp lookout on the track ahead. Last night the watchman said the train was running due west at the time of the accident and that he could not see the hand car, being blinded by the rays of the setting sun. The engineers did not see the approaching train in time to jump, and they were killed almost instantly.

### Held Up by Whisk Broom.

At the point of a whisk broom handle, which he thought was a revolver, Harry Fleischman, of Buffalo, stood for nearly an hour with his hands over his head in the bedroom of Mr. and Mrs. Frank W. Bishop, of Middletown, N. Y., early yesterday morning, waiting for the police to come and take him to jail. Fleischman is about thirty years old and evidently a professional burglar. He gained entrance to the Eldorado flats, and after inspecting several of the apartments, got into Mr. Bishop's rooms. The latter, hearing a noise, got out of bed and opening his bedroom door ran against the burglar. Grasping his arms, he yelled to his wife to get him a revolver. Knowing there was none in the house, Mrs. Bishop snatched a polished handle whisk broom and put it in her husband's hands. Mr. Bishop pointed the whisk broom full at the robber, saying: "Throw up your hands, if you move I'll blow your brains out." The man threw them up. In the meantime Mrs. Bishop ran into another room and telephoned the police, and the burglar was taken into custody. At the hearing the burglar was much crestfallen to learn that he had been "held up" by a whisk broom.

### Incredible Brutality.

It would have been incredible brutality if Chas. F. Lemberger, of Syracuse, N. Y., had not done the best he could for his suffering son. "My boy," he says, "cut a fearful gash over his eye, so I applied Buckler's Arnica Salve, which quickly healed it and saved his eye. Good for burns and ulcers too. Only 25c at E. S. Leadbeater and Sons, drug store."
